DESCRIPTION

The MAG-FCTAW-QL includes the MAG-PRO universal projector mount for projectors that weigh less than 10 lb. and the PP-FCTA-QL false ceiling T-frame adapter with a quick locking cable. The MAG-PRO includes the patented MagnaGuide™ which reduces installation time by using powerful magnets to easily guide the integrated pipe coupler to the mount. Including the CLS threaded pipe nipple, no additional pipe is needed unless the installation requires greater than a 2 in. drop. A safety lever locks the two pieces together securely. Radial Glide™ allows up to 10° of smooth tilt adjustment and a simple lock-down screw secures the adjustments. With nine inches of lateral shift, the PP-FCTA-QL allows for precise projector placement while remaining hidden above the ceiling tiles.

FEATURES

● Patented MagnaGuide™ reduces installation time and aids in projector alignment (U.S. Patent No. 7,758,001 B2)

● Radial Glide™ provides smooth roll, pitch and yaw

● Lock-It™ security hardware and leveling barrel provide strong protection

● T-bar plate sits hidden above ceiling tile

● Ceiling plate provides nine inches of lateral shift for precise projector placement

● Includes 100 ft. of braided cables with looped ends, quick-locks and hole-cutting escutcheon ring

● Features electrical and cable knockouts for more flexibility when running power or signal

● Quick lock cable and CLS threaded pipe nipple included
