50 lb.

DESCRIPTION

The full-tile false ceiling adapter mounts projectors or flat-panels to the support system of a suspended/false ceiling. It fits in the T-bar metal framing system, replacing one standard 24 x 24 in. ceiling tile. It provides for some manual horizontal adjustment, so the ideal focal point can be achieved. It will support up to 50 lb.

FEATURES

- Replaces standard 2 x 2 ft. ceiling tile
- Features eight electrical and cable knockouts for more flexibility when running power or signal
- Accepts 1.5 in. NPT pipes
- Wingnuts for rapid projector adjustments
- Ability to shift display or projector by 4 in. in any direction
- Includes 100 ft. of 14-guage wire and four turnbuckles
