DESCRIPTION

This large equipment box has 17.88 x 13.71 x 5.35 in. of storage and comes with integrated rack mount rails 3RU high. The GB-MBX300 was designed to hold freestanding or rack-mountable small form factor PCs and other digital media components. The integrated cable bushing allows power and cable to feed directly into the secured box. This box is also designed for use with optional fans (CUS-FAN) that can be installed to increase airflow. This equipment GearBox™ includes a single pole adapter (PSP-SPA) for carts and stands.

FEATURES

- Storage space of 17.88 x 13.71 x 5.35 in.
- Integrated rack rails 3RUs high
- Removable locking lid with three key options
- Rear vents combined with optional muffin fans (CUS-FAN), allows air flow to keep A/V equipment and IT components cool
- Can be positioned anywhere along the pole and secured with included set screws
