DESCRIPTION

The LMV-428 is designed specifically for multiple LG display models. This flat-panel, model-specific spacer works in conjunction with the LMV, large matrix video wall mount. The mount and the model-specific spacer are designed to reduce installation time for video wall projects.

FEATURES

- Multi-monitor stacking allows a customized video wall mounting system, while model-specific spacers streamline individual display alignment
- Designed specifically for multiple LG display models
- Model-specific flat-panel spacers dramatically cut down time on large matrix video wall installations
