DESCRIPTION

This configuration includes one dual articulating arm mount and a 15 in. single pole with table clamp base for multi-monitor mounts. The table clamp is typically used for temporary installations or for surfaces that do not allow any other option for mount installation. Each mounting head provides 90° of omnidirectional movement. Included set screws allow the mounts to be positioned anywhere along the pole.

FEATURES

- Mounting head provides 90° of omnidirectional movement
- Key hole mounting slots for faster installations
- Perfect fit on almost every surface
- Set screws allow the mount to be positioned anywhere along the pole
