DESCRIPTION

This configuration includes two, triple articulating arm mounts and a 28" pole withtable clamp base. table clamp base for multi-monitor mounts. The table clamp is typically used for temporary installations or for surfaces that do not allow any other option for mount installation. Each mounting head provides 90° of omni-directional movement. Included set screws allow the mounts to be positioned anywhere along the pole.

FEATURES

- Mounting head provides 90° of omni-directional movement
- Key hole mounting slots for faster installations
- Perfect fit on almost every surface
- Set screws allow the mount to be positioned anywhere along the pole
