DESCRIPTION

The MTM-3000 is a 1x3 configuration of Christie® MicroTiles®. It consists of one single bracket to mount three (3) Christie® MicroTiles® within any MicroTiles® Mounting System configuration. Containing the same great features of the larger system, it is a quick and easy installation. Floating wall plates and wall brackets ensure alignment and levelness with no need for time consuming fine-tune adjustments.

**The DIGI Awards are administered by NewBay Media's Digital Signage Magazine, and recognize innovation in digital signage and Digital Out of Home applications and new products.

FEATURES

- Floating wall brackets create flat and plumb surface to align tiles properly
- Various sized wall brackets are available to configure the array to the desired size
- Hooks allow mounts to be placed quickly in the desired position
- Can be pre-installed to mounts on the floor and then raised three or more at a time into the wall brackets
- Tiles can be stored in cases attached to the mount for off-site set-ups
- Winner of the InfoComm 2013 Rental&Staging Award
- Winner of the DIGI Award 2014 for Best Mounting Solution**
- Custom products are build-to-order or low stock and subject to qty based pricing and standard lead times of 30 business days, please call for price and lead time
