DESCRIPTION

The PMC-MM-501 mobile mega mount cart accommodates displays 82" to 90". The cart is effortlessly assembled in 30 minutes or less and can orient the display in landscape, portrait or any other angle due to the 90 degree rotational capability of the mounting head. Other adjustment features include positive and negative tilt to account for involuntary display tilt due to equipment weight. Reinforced design with heavy-duty casters to support the product and maintain maneuverability, the solid bottom skirt and tray also provide storage and protection for A/V or IT equipment.

FEATURES

- Solid bottom skirt and tray to store and protect A/V or IT equipment
- Heavy-duty casters allow for swift and precise maneuvering
- 90° rotation for viewing options in portrait or landscape orientation
- Positive and negative tilt adjustment
- Accommodates displays from 82" to 90"

**LIFETIME
WARRANTY**
